Efficacy of active ingredients*

Activates powerful myorelaxing activity (botulin-like / BTX-like effect) = relaxes muscles without total paralysing, for natural feature rejuvenation
Provides instant lifting and visible reduction of mimic wrinkles
Enhances strength and firmness of skin, thus improving its cohesion
Allows the skin to re-hydrate itself quickly and naturally
Gives outstanding feel of silky, smoothed skin

Active ingredients*

3D-Lift-Peptide™ = Tri-Active Powerful Complex:

μconoToxin CnIII peptide – a biomimetic conopeptide from cone snail venom, with improved transcutaneous penetrating power (cationic formula) and with very tight interaction-sharp targeting on instant line relaxation (botulin-like / BTX-like effect).
Botulin-like Tripeptide – a neuromuscular blocking compound of the venom of the Temple Viper with efficient smoothing and anti-wrinkle care particularly effective against expression lines by relaxing facial muscles (botulin-like / BTX-like effect).
Lift Deluxe™ – a luxurious, extraordinary, rich blend of extract from the fruit husks of *Zanthoxylum Bungeanum* (commonly known as Sichuan pepper - ECOCERT validated), mixed with mica platelets, silica spheres and cationic PCA that provides instant and visible lifting, as well helps skin to retain vital moisture and maintain cell water balance.

Directions for use

Recommended for skin of age 45+ with very visible wrinkles
Unisex: for women and men, for skin of all types
Sagging skin (lack of elasticity and firmness)
Hyper dehydration of skin, thus strongly wrinkled areas
Breast lifting (lifting the skin of breast and décolletage)

Application area

All areas with symptoms of aging: loose of a skin elasticity and firmness (sagging skin), skin fatigue with fine, medium and deep wrinkles (face, eye outer-side contour (crow's feet), vertical lip lines and lips contour, neck, décolletage, hands and/or other needed areas, such as wrinkled forehead, wrinkled scalp in men).

Avoid eyelids or under eye area!

Cautions

For external use only. Do not use for needle treatments. The product is not intended for use with filler injections. Keep out of the reach of children. Because of its neuro-muscular signalling (myorelaxing activity) this serum must not be mixed with anaesthetic products. Contraindications:
hypersensitivity to any component of the formulation
hyperthyroidism (because of marine algae components rich in iodine)
allergy to seafood (because the serum contains algae)

Additional info
